So far in 2009, Dopplr has alerted its users to almost a third of a million coincidences. We couldn't find any coincidences for you so far in 2009. This might change later in the year if you share your travel plans with more people you trust. Did you know you can easily connect with people you know on Facebook, LinkedIn, Twitter, and Flickr (amongst others)?

You spent

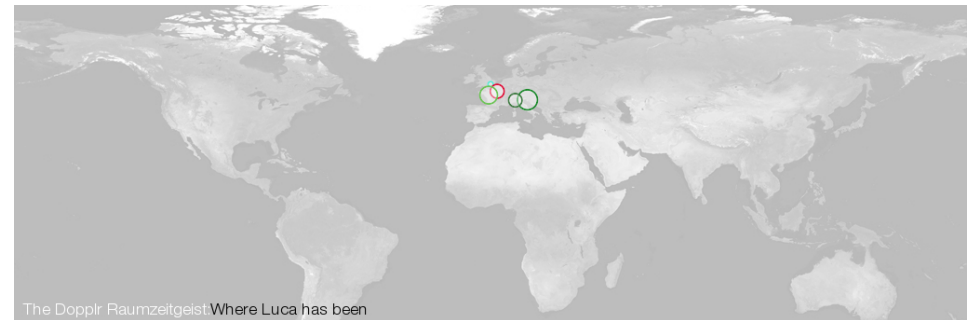

You have 5 travellers in your network. They travelled a total of 15,187 km. In 2008, everyone on Dopplr travelled a total of 1331.4 million km or 8.9 AU: the approximate distance to Saturn from the Earth as of January 2009.

Your personal velocity so far this year was 1.86 km/h, which is about the same as NASA's crawler.

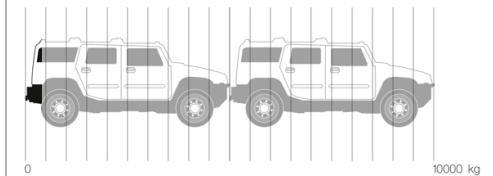

The 5 most popular cities in your network are Peterborough, Manchester, Belfast, Cawthorne and Newcastle upon Tyne.

The furthest distance you travelled was to Trieste (1,211 km from London), which is the 391st most popular city on Dopplr. The shortest distance you travelled was to Champocé-sur-Loire (287 km from Paris).

You spent the longest in Trieste.

Your carbon for the first half of 2009

883 kg CO2

Based on figures from Fueleconomy.gov, 1 x Hummer H3 4WD truck produces nearly 10 metric tonnes of CO2 a year. The visualisation above uses this figure to illustrate your carbon from Dopplr as calculated by our friends at <http://amee.cc> and is an approximation only.
